

THE CHESTERFIELD MAYFAIR HOTEL
LONDON

Join us at the Asdem Tanker Conference, a unique opportunity for industry professionals to expand their knowledge, network with peers, and gain insights into the latest developments in tanker shipping. This conference is the perfect platform for learning and growth, as we bring together experts from various sectors of the maritime industry.

At the conference, you'll hear from 12 speakers who will present papers on a wide range of topics, including charterparties, charterparty operations, freight, laytime, and demurrage, as well as delay claims, deviation, and detention claims, and the unexpected challenges that may arise during any voyage.

On the first day, eight papers will be presented in a full program, followed by four in-depth papers featuring a mock arbitration and a masterclass on the second day. The evening of the first day will feature a discreet drinks reception and dinner in The Charles Suite at The Chesterfield in the heart of the fashionable Mayfair district in Central London which provides the unhurried setting that fosters genuine connection. It is here, away from the formalities, that relationships are forged.

The conference will resume at 9 AM on the second day with four papers and ends at lunchtime, creating a free afternoon for participants to relax and network.

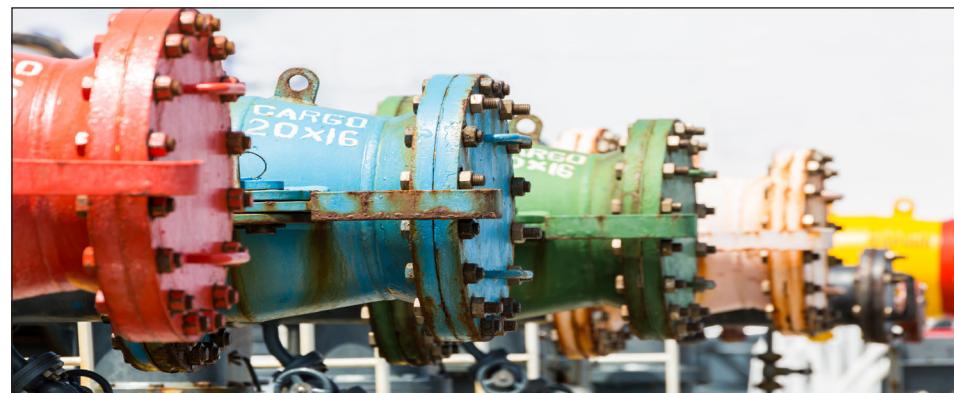

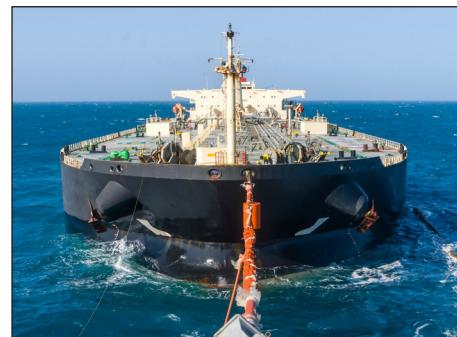

In addition to the conference, we are also offering a workshop on Friday afternoon, focusing on a Time Bar case study. This workshop will provide valuable insights into techniques used and resources necessary to handle a claim in-house, where we hope to be joined by sponsors of THE LONDON TANKER OPERATORS PARTY (LTOPS) and their guests.

Many of them will go on to the LTOPS PARTY in the Main Hall HAC – held on the evening of the second day.

Don't miss out on this opportunity to learn, develop your knowledge, and network with industry professionals. Register now for the Asdem Tanker Conference.
